Dear Mr. Braxton,

I am responding to your letters of August 20, 1990 regarding "Supplemental Information Request, American Consolidated Mining Company, Yellow Hammer Mine Site Exploration, M/045/019, Tooele County, Utah".

We will endeavor to have maps and descriptions of all drill hole locations submitted to your office within the next two weeks. We apologize for missing the September 21, 1990 date, but we were unable to accomplish this work within the allotted time frame. As you know, our company is small and has a with a limited staff.

Sincerely,

William D. Moeller, CEO
